Come, see and hear the wonderful things that are happening in our school in math and learn more about the strategies being used with your children in our math classrooms. The purpose of the meeting is to provide you the parent with strategies that you can then use at home with your children:

- Learn about the new Math B.E.S.T. standards.
- Visit our carnival booths to learn some strategies that you can use at home to assist your children with math.
- Learn about the curriculum, and assessments
- Ask questions regarding policies, programs, and workshops.

Our school believes that positive parents/family involvement is a key component to reach the greatest student achievement possible and we encourage parent involvement in all school activities.

We will have giveaways and light refreshments will be provided!
