

## BridgePrep Academy of Osceola Testing Information 2021-2022

Dear Parents,

As we approach the testing season, we would like to ensure that you are all aware of the upcoming testing dates (please see other side) and we also wanted to provide you with some tips so that your child comes to school on test days ready, willing and able to perform at their very best. Assessments will be administered in grades 3 - 8 during the months of April and May of 2022. The following are some tips that we would like to share to ensure that your student/child does their best on the upcoming assessments:

### **TESTING TIPS:**

- Please ensure that your child has a healthy and nutritious breakfast each and every day to ensure that they are able to focus during testing. A healthy breakfast is important everyday but on test days becomes even more important since students are required to focus for long periods of time and are not able to access food during the test.
- Please ensure that your child is on-time to school especially on testing days to ensure that he/she is ready and able to begin testing. Testing is already a very stressful time for many students and being late to school will only add more stress to the situation.
- If your child is not feeling well on a day that they are supposed to be taking a test, please let the school or Ms. Harrington know so a decision can be made as to whether the student will test on that day or will wait to be tested during make-up testing. We would prefer if students do not test if they are not feeling well.
- If your child is absent on a date when they are supposed to be testing, they will need to do make-up testing. Please ensure that they are in attendance until the last day of school to ensure that he/she is available to participate in make-up testing. If you have any kind of extenuating circumstances please communicate with Ms. Harrington.
- Last but not least, please encourage your students to stay focused at school and to review their work/notes in preparation for the upcoming assessments.

# TESTING DATES

## April 5th

3rd Grade: Reading Session 1  
4th-8th Grade: Writing

## April 6th

3rd Grade: Reading Session 2

## May 2nd
